Philips SensoTouch 3D

The Philips SensoTouch is the first ever 3D, wet and dry shaver on the market adding a unique and improved 3D closeness and easy glide to men's grooming routine.

Model: RQ1280

Product features include:

GyroFlex3D: Minimizing pressure and irritation, the shaving cap pivots around, tilts inward, and flexes outward to adjust seamlessly to every curve of the face and neck.

SkinGlide system: Minimizing pressure and irritation, the smooth surface with rounded edges glides effortlessly over the skin for a flawless shave.

UltraTrack heads: Catching every hair with fewer strokes, channels help to catch longer hairs, slots catch the normal length hairs, and holes catch even the shortest stubble.

- Aquatec sealing enables the use of shaving gel for additional skin protection and serious skin rejuvenation
- Skin friendly precision trimmer, perfect for moustache and sideburn trimming
- Battery powered for 60 minutes, or 20 days, of shaving time

Philips SensoTouch shavers range in price from $126.99 to $329.99

Available at major retailers across Canada including:

Best Buy, Future Shop, Canadian Tire, Personal Edge, Jean Coutu, Loblaws, London Drugs, Sears, Shoppers Drug Mart, The Bay, VSRG and Walmart
