

Chamine Deeps Drill Program Results:

Figure 1: Conceptual long Section through Chamine “Deeps” conceptual model showing relationship of Chaminé to Chaminé Deeps – The Chaminé model is similar to a hand with the palm facing downwards, hence the use of hands to illustrate the relationship.

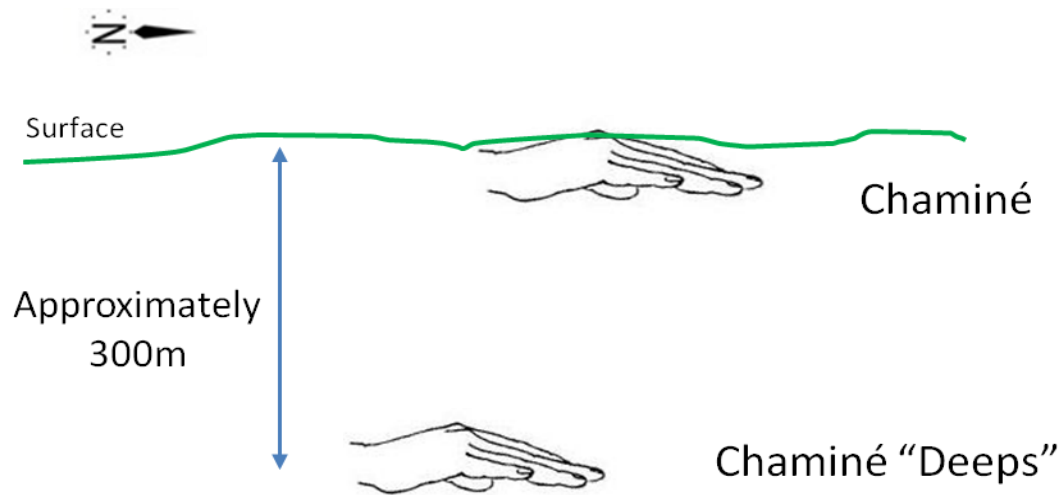

Figure 2: 3D view of the Chaminé deposit including results of the first 2 deep drillholes and including drill traces of all Colt drillholes reported to date.
